SPE Global Events

SPE организует **более 150 мероприятий в год по всему миру** по разным дисциплинам нефтегазовой отрасли:

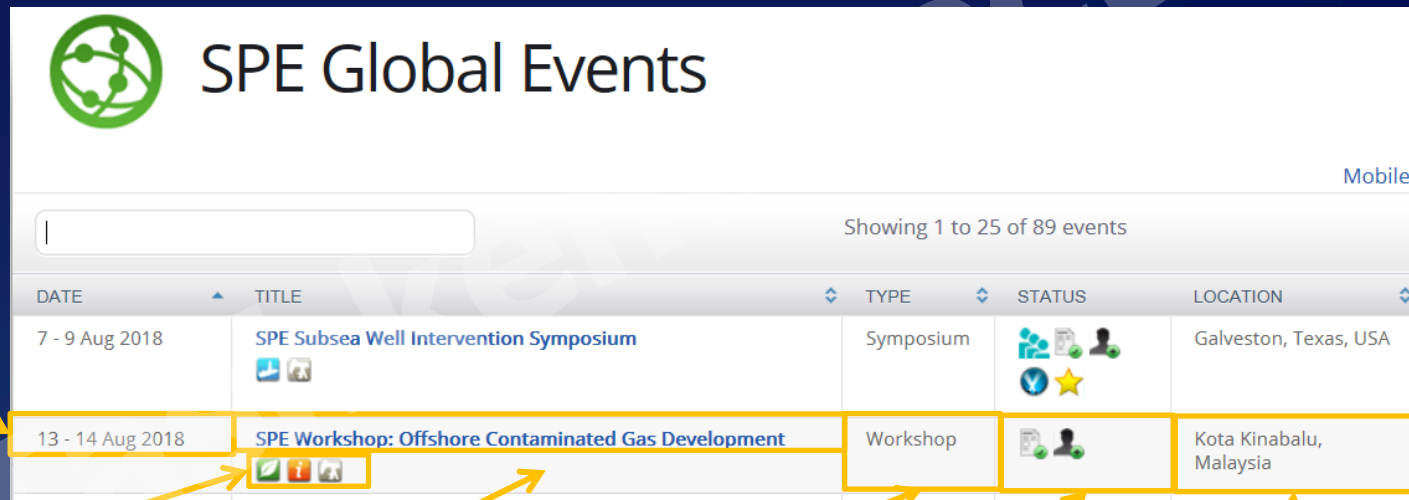

- конференции
- форумы
- технические семинары
- обучающие курсы

SPE Global Events

SPE events bring together oil and gas professionals from across the globe to discuss technical innovations and advancements in petroleum recovery. A wide variety of SPE events, from international conferences and exhibitions to in-depth workshops, provide opportunities to connect with the latest E&P technologies and network with upstream experts.

Регистрация на мероприятие

26 - 27 Mar 2019	SPE Workshop: Integrated Field Management 	1
23 - 24 Apr 2019	SPE Workshop: Enhanced Oil Recovery 	
23 May 2019	SPE Workshop: Health, Safety and Environment 	
24 - 25 Sep 2019	SPE Symposium: Caspian Health, Safety, Security, Environment and Social Responsibility 	
16 - 18 Oct 2019	SPE Annual Caspian Technical Conference 	
22 - 24 Oct 2019	SPE Russian Petroleum Technology Conference 	

The event focuses on two main areas - integrated field management for greenfields and integrated field management for brownfields. Despite the common approaches, goals and objectives of field management at different stages of the field's life are quite different. It is important not to make strategic mistakes for greenfields, as the effect of integrated management can significantly affect all indicators for years to come.

SPE workshop

Submit your topic before 15 March 2019 ► Register before 19 March 2019 ►

TOP REASONS TO ATTEND

ACCESS - The opportunity to discuss the need of the development of software solutions and digital models of oil and gas production chain, all optimal technological decisions in field management are built on this

EXPAND YOUR PROFESSIONAL NETWORK - By connecting with experts from top oil and gas companies

ENHANCE YOUR KNOWLEDGE - With thought-provoking presentations and colleague discussions. Gain intensive and collaborative learning experiences in a short period of time
